WHY CREW PORTLAND?

30+ YEARS OF DEDICATION TO ADVANCING WOMEN IN CRE:

MENTORSHIP & EDUCATION

CREW Portland hosts bi-annual workshops that educate under-represented high school students about the CRE industry.

SCHOLARSHIPS & RESEARCH

CREW Network provides 25 annual scholarships of \$5,000 each for women studying within the CRE field as well as annual industry analysis of female advancement in CRE through our global Foundation program.

LEADERSHIP DEVELOPMENT

CREW Portland provides leadership and professional development training for early-career CRE professionals through the Future Leaders program.

The CREW Portland Bridge Award is designed to honor and celebrate the remarkable women in commercial real estate who have impacted our industry through outstanding transactions or networking connections with fellow members. It showcases the dedication and expertise of CREW Portland as well as the collaboration and deal making opportunities members create through CREW connections.

“ Because of my connection with Alana Armstrong (Swinerton) through CREW, we were able to partner with my client to strategically redesign their existing HQ space in Raleigh, NC to most effectively manage the space. By partnering, Swinerton and Cresa were able to provide a costing estimate and a referral to a local superior contact to complete the project once greenlighted. CREW’s dealmaking and referral possibilities are endless. ”

*KELSEY MACHUCA | SENIOR VICE PRESIDENT,
CRESA | 2022-2023 BRIDGE AWARD RECIPIENT*
